Forecast for Monday 11 Jan 2021

Weather: A few spots of rain or drizzle in the west during the morning but most places dry with some sunny spells, especially in the east. Becoming cloudier through the afternoon with outbreaks of rain developing, these becoming persistent and occasionally heavy, especially in the west, during the evening and through the first part of the night.

Chance of cloud free mountain/hill tops above 600m: Around 60% in west but nearer 90% in east, falling close to zero through the afternoon.

Visibility: Occasional or periods of cloud above 600m in west, the cloud patchier in east through the morning. Cloud developing more widely in afternoon to become periods or persistent above 450-600m. Below the cloud visibility hazy, but good in east, falling to just a few kilometres in heavier rain.

Forecast for Tuesday 12 Jan 2021

Weather: Cloudy with outbreaks of rain, occasionally heavy, through the early hours, but slowly easing through the day. Despite this it will remain cloudy and damp with rain then becoming heavier and more persistent again through the evening and night.

Maximum wind: Westerly 25-30mph, gusts around 55mph over ridges and summits, through the early hours, turning northwesterly 15-20mph soon after dawn, then backing Southwesterly 5 to 10mph in the evening.

Chance of cloud free mountain/hill tops above 600m: Little chance until mid-morning then improving to close to 100% by early afternoon before chances fall again through the evening.

Visibility: Periods or persistent cloud above 450m-600m lifting above the summits and breaking through the morning, then periods above 600m returning in evening. Visibility below cloud hazy falling to just a few kilometres in heavier rain. Becoming good for a time through the later morning and early afternoon.

Temperature: **Valleys:** Around plus 4 or 5 Celsius at dawn rising to plus 6 or 7 Celsius by day.
At 600m: Around plus 5 Celsius falling soon after dawn to plus 1 Celsius, by late afternoon.
Freezing level: Above summits falling to 800m, rising again later.
